different products.

- To ensure the producers have a fair pay to encourage them have more production and to enable them enjoy their talent.
- To facilitate the producers against any contracts in place in order to enable them produce to the desired market standards.
- To improve the peoples standards of living by making them access as many orders as possible.
- To create jobs, and promote self-employment for all handcraft producers, artists, aged, HIV positive people, refugees, IDPs, tourism, culture, trade and industry sectors countrywide.
- To stimulate

agricultural production countrywide by promoting exports of Agro produce worldwide.

OBJECTIVES:

Handicrafts Exporters.

Uganda and African Handicrafts and other exportable products and services by promoting them into the world market.

- To guide the importers about the different cultural products available for export that qualify and suit international standards and the international market regulation.
- To advise the producers about updated market needs and trends worldwide of

Promoting Uganda and African Cultural Products and Services into the world market for the benefit of aged, disabled, youth, HIV-positive people, widows, orphans, artisans, refugees, women and general handicrafts producers.

We stimulate production by identifying market contacts for our products and services promotion into the global village. The trend is governed by forward and back linkages. When you start production you must produce for some one. Thus marketing services become very crucial and inevitable.

Uganda is endowed with local natural resources out of which locally the products generate income using the available local materials, traditional crafts, the skills to produce innovative crafts products and cultural research.
